

# Creative Aging Fused Glass Classes

SONORAN GLASS  
S C H O O L

Learning about art shouldn't stop after 60! Fused glass class classes can teach a new skill, provide a creative outlet, and create enriching social experiences for seniors.

Students use colored sheet glass and hand tools to build their artworks. The projects are placed in a kiln to fuse, creating solid artworks such as suncatchers, bowls, and platters. All classes can be modified and are led by an experienced instructor. It is an opportunity to create community within assisted living facilities, senior centers, and other sites.

Individual classes or an eight-week program can be scheduled. Cost is determined based on the number of participants and price of materials. Reduced prices may be available on a sliding scale through our work with the Arizona Commission on the Arts.
